About School

Our Genesis

Born from the visionary minds of IIM and ISB alumni, The Ivy Global School stands as a testament to transformative education. We don't just teach; we sculpt young minds to thrive in an ever-evolving global landscape while firmly rooting them in core human values.

The Ivy Story

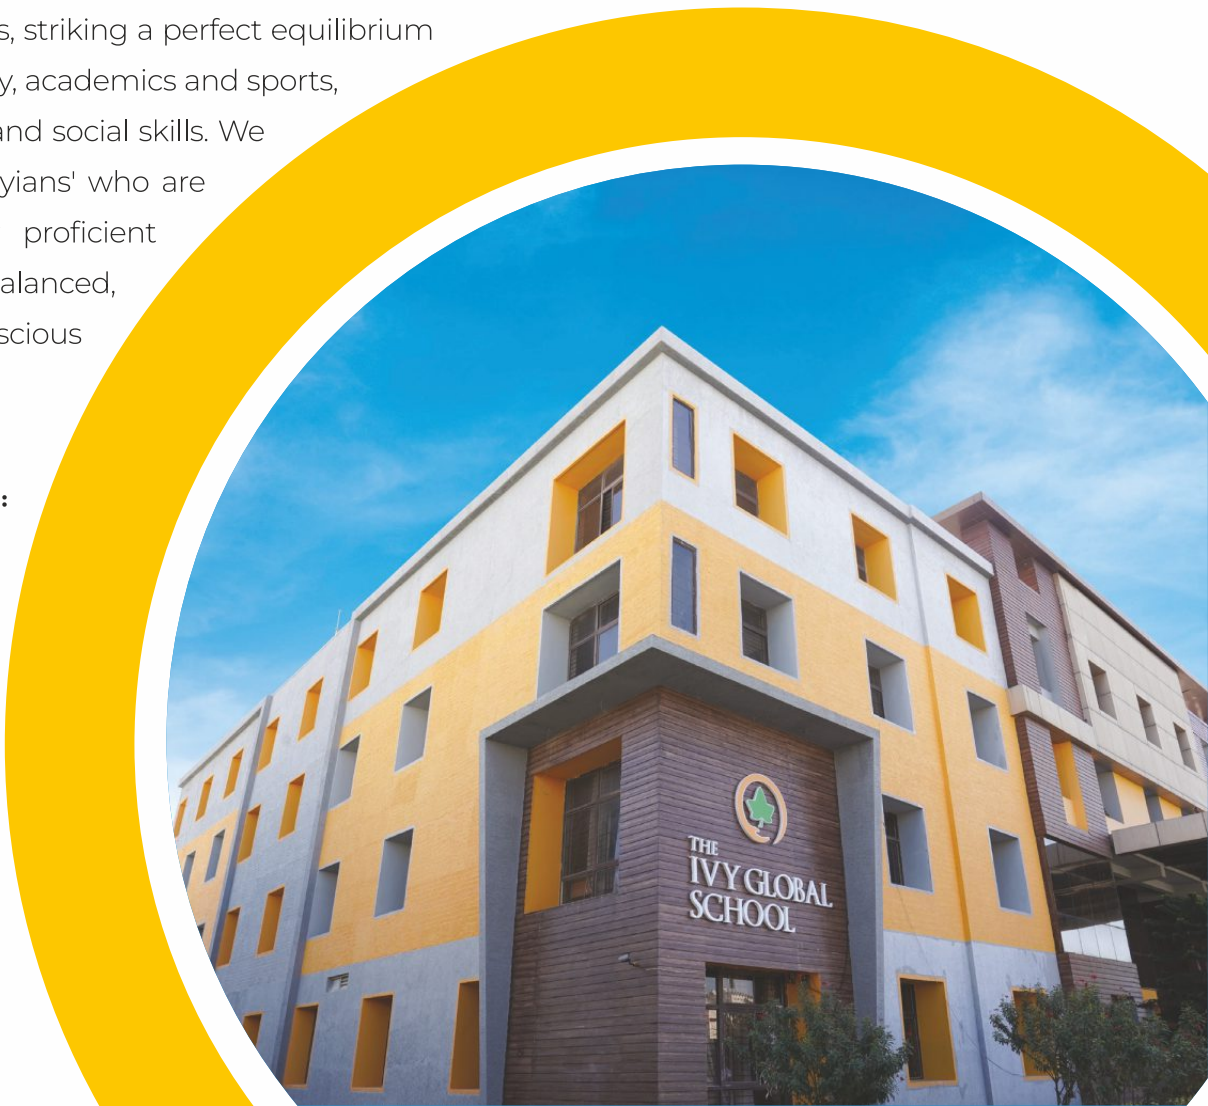

Our Belief: In a world where boundaries in learning are blurred, knowledge is a boundless ocean. At The Ivy Global, we navigate these waters with an education system that equips our learners to face tomorrow's challenges with today's wisdom, ensuring they remain anchored in essential human virtues.

The Ivy Environment: Step into a realm where every corner pulsates with energy and colour. Watch our children's eyes sparkle with curiosity and confidence as they showcase their talents across diverse platforms. Witness their freedom to express themselves, symbolizing our nurturing environment.

Holistic Development: Our mission is to mould learners into well-rounded individuals, striking a perfect equilibrium between mind and body, academics and sports, emotional intelligence and social skills. We believe in cultivating 'Ivyians' who are not only academically proficient but also empathetic, balanced, and globally conscious citizens.

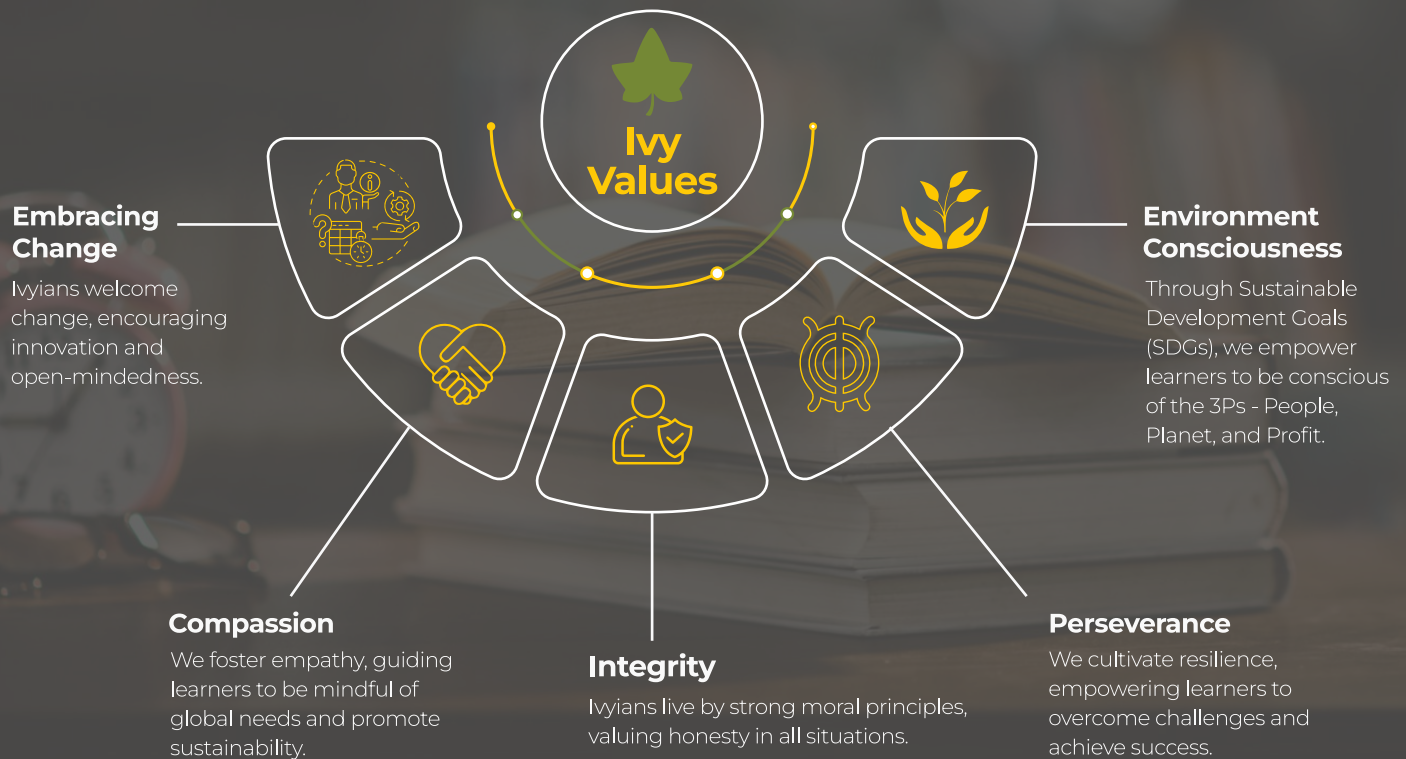

Crafting Global Citizens:

At The Ivy Global School, each learner embarks on a unique journey of self-discovery and growth, emerging as individuals ready to leave a positive imprint on the world.

The Core Pillars of The Ivy Global School: Our Timeless Values

The Essence of Ivyian Ethics: At the heart of The Ivy Global School lies our unwavering commitment to values that shape not just learners, but future leaders. Our ethos is the guiding light, illuminating the path for our learners as they journey through life.

Our Mission (Nurturing Minds, Shaping Futures)

To provide high quality education and childcare in a safe, respectful and inclusive environment that builds a foundation for life-long learning in compliance with NEP. To educate our learners to the highest levels of academic achievement, to enable them to reach to their highest level of potential, and to prepare them to become productive, responsible, ethical, creative and compassionate members of society. Our school strives to be at the centre of the local community with positive and effective links to global communities.

Our Vision (Crafting Future-Ready Citizens)

To ensure that every learner acquires knowledge, value, and skills to become a productive and compassionate citizen of the world. We strive to nurture future citizens with basic human values and respect for people and the planet.

Meet Our Inspirational Leaders

The Visionaries at the Helm

With a stellar academic background from the Indian School of Business (ISB), Hyderabad, and a rich tapestry of 13 years in the global corporate landscape spanning North America, Europe, and India, Mr. Nambiar is the driving force behind The Ivy Global School. His vision is to revolutionize education with innovative practices that foster transformative changes in children, making them future-ready global citizens. Mr. Nambiar personifies the essence of the school - a blend of global exposure and a deep commitment to education.

Jaisooraj Nambiar

Founder & Chairman

Ms. Deepti Asnani Nambiar, an esteemed alumna of IIM-Calcutta, embodies a unique combination of engineering acumen and educational passion. With 11 years of corporate experience and a 6-year stint in education, she brings a unique perspective to the school's leadership, blending practical industry knowledge with educational insights.

Tailored Excellence

Special Academic Programs at The Ivy Global School

Language Accelerator Programme (LAP): Our Language Accelerator Program is meticulously designed to align with the developmental stages to cultivate learners who emerge as eloquent communicators, adept in both spoken and written expression.

Board Prep Programme: Understanding the significance of board exams, our preparation strategy begins right from middle school. Grade VI onwards diagnostic approach extends to a sophisticated topic-wise testing tool, offering immediate and precise feedback on student understanding. This tool is crucial in identifying learning gaps and providing effective remediation, thereby significantly enhancing board exam preparedness and performance.

STEM Activities: STEM Activities are an essential part of our curriculum which ensures interdisciplinary learning and development, as it integrates the areas of science, technology, engineering and mathematics.

Differentiated Learning: At The Ivy Global School we understand that each learner is unique and has different interests, needs, and strengths. Our facilitators support each child by identifying learning gaps and strengths and providing effective scaffolding.

Storytelling and Circle Time: In foundation years our learners enjoy and learn through stories whereby Circle Time ensures that each learner gets a chance to contribute and feel valued. Both of these sessions not only help children express themselves better but also strengthen relationships and enhance self-confidence while allowing the class and its facilitators to have fun together.

Beyond Academics at The Ivy Global School

Ivy Career Counseling Lab: Charting Future Pathways

In today's rapidly evolving career landscape, The Ivy Global School's Career Counseling Lab stands as a beacon of guidance. Our lab empowers learners to navigate the myriad of career options available and are well-equipped to make informed decisions.

Sports & Wellness: Fostering Physical and Mental Well-being

We believe that sports are a vital component of education. Our structured sports and physical education curriculum is designed to nurture a healthier and fitter generation.

Art & Culture: Unlocking Creative Potentials

Art at The Ivy Global School is more than just a subject; Our fine arts program is crafted to develop critical skills such as creative thinking, decision-making, and spatial reasoning, encouraging learners to express their unique perspectives and ideas.

Music: Harmonizing Talent and Passion

Music is the soul of our cultural ethos. Our music program is designed to give wings to the imagination, fostering a deep appreciation and understanding of this universal art form.

Dance: A Symphony of Movement and Expression

Our dance studio is a dynamic space where learners learn various Indian classical and Western dance forms. It's not just about learning steps; it's about building confidence, skill, and artistic expression.

Sustainable Development and Social Responsibility

Instilling a socially responsible spirit is fundamental at our school. We integrate Sustainable Development Goals (SDGs) into our curriculum fostering a deep understanding of social responsibilities and global issues among learners.

Community Outreach Programme: Learning and Service Beyond the Classroom

The School encourages all learners to empathize with those who are not so fortunate both physically and financially, by lending a helping hand and serving unconditionally.

Inter School Events: Showcasing Talent, Building Community

The Ivy Global School is a hub of cultural and literary vibrancy. We host significant inter-school events like Graviton and Tiranga, alongside annual celebrations and exhibitions that blend academic excellence with cultural richness.

Celebrations: Cultivating Community and Culture

Moreover, our inclusive celebration of festivals teaches respect for diverse cultures, laying the foundation for a multicultural and democratic society.

Education and Field Trips: Learning Comes Alive Beyond School

Our trips and excursions are carefully planned to be both educational and enjoyable, fostering bonding and a sense of adventure among learners.

Cultivating the Ivy Spirit

The culture at The Ivy Global School

Fostering Future Leaders with Core Human Values

At The Ivy Global School, our commitment extends beyond academic excellence. We are deeply invested in moulding every learner into a productive, compassionate citizen poised to make a positive impact on the world. Our ethos is grounded in nurturing basic human values and a deep respect for people and our planet, ensuring our learners grow to be empathetic, responsible, and globally conscious individuals.

Houses: Building Team Spirit and Leadership

Our unique house system is the backbone of our school spirit. Every learner belongs to one of four houses - Thinkers, Reformers, Inventors, and Explorers - fostering a sense of belonging and identity. These houses are more than just teams; they are communities that collaborate across cultural, sports, and literary events. While healthy competition is encouraged, the emphasis is on teamwork, mutual support, and graciousness in both victory and defeat.

The Ivy Council: Democracy in Action

Democracy thrives in our hallways through The Ivy Council, with its diverse roles ranging from school captains to cultural and sports leaders, mirrors a microcosm of democratic governance, instilling a sense of responsibility and leadership in our learners. Prefects in each class further promote a culture of self-governance and initiative.

The Ivy Buddy System: Promoting Empathy and Unity

Our Ivy Buddy System pairs new learners with 'buddies' in each class, ensuring a warm, empathetic welcome into the Ivy family. This system fosters values like sensitivity, empathy, and helpfulness, crucial in building a supportive community.

Clubs: Unity and Inspiration to Start the Day

Throughout the year, school clubs organize diverse activities, providing students with a platform to display and refine their talents. These activities not only enable students to cultivate personal interests and hobbies but also to enhance their leadership and social skills.
